TECHNOTE 1901-S10

ISSUED

April 2019

SUBJECT

Release of MCEGold $^{\textcircled{R}}$ 3.1.2 SP1 Stand Alone for Windows 10.

DESCRIPTION

MCEGold 3.1.2 SP1 is an upgrade from MCEGold 3.0.3. SP6.

NOTES

- MCEGold 3.1.2 SP1 is only compatible with Windows 10 and Windows 7 and M-Series testers.

- Installation of MCEGold 3.1.2 SP1 on a Windows 10 computer uses a special installation procedure. For a Windows 7 installation refer to TechNote 1901-S7 (Stand Alone) or TechNote 1901-N7 (Network) as applicable.

- MCEGold Word Add-in is only compatible with MS Word 2007 and 2013. MCEGold Word Add-in is NOT compatible with MS Word 2010. Templates created with other versions of MS Word may not be functional and may cause conflicts with the MCEGold software.

- To ensure application accessibility, the default installation location has been set to C:\PdMA Corporation.

- Databases attached to MCEGold 3.1.2 SP1 must be from MCEGold 3.0.3 SP2 or later and once updated with MCEGold 3.1.2 SP1 *will not* be compatible with older versions of MCEGold.

- Please make sure you allow sufficient time to update your database. Depending on the size of your database, updates may take an hour or longer.

- Assets opened with MCEGold 3.1.2 SP1 *will not* be compatible with older versions of MCEGold.

- If during installation you receive a message telling you "SQL Server System CLR Types requires the .Net Framework", contact tech support for assistance.

- If you have any questions, please contact PdMA Technical Support (813-621-6463 ext. 251).

Minimum Requirements

Computer	Dell Latitude E5470 Laptop*
Processor	2+ GHz Intel i5 or equivalent
Resolution	1600 x 900/1920 x 1080 (small font)
Operating System	Microsoft [®] Windows 10 (32 or 64 bit)
Memory	4.0+ G RAM
Ports/Drives	(1) USB Port in Rear or Side
Hard Disk	20G Available

* Using any other computer manufacturer in conjunction with the PdMA software may result in erratic computer behavior; not limited to but including:

- Power Management Issues
- Lock-up
- Communication Port Malfunction
- Driver Incompatibility
- Display Errors
- SQL Database Incompatibility
- Network Synchronization Issues.

PREPARE WINDOWS 10 FOR MCEGOLD 3.1.2 SP1 INSTALLATION

NOTE: If you have a previous version of MCEGold installed on your computer it is necessary to perform a complete uninstall. Go to the Backup section. If you do not have MCEGold installed on your computer go to the Disable Driver Signature Enforcement section.

Backup

Before beginning the MCEGold uninstall, copy the Emaxprb.xml file only (not the folder) and the complete Templates folder to a safe location and make note of the location.

The default location for the files is listed below, however you may have chosen a different location during the original installation.

 $C: \ Corporation \ MCEGold \ Emax$

C:\PdMA Corporation\MCEGold\Report

Uninstall

Note: If you have MCEGold icons pinned to your Taskbar, it is necessary to unpin them before beginning the uninstall. Right click on the icon and select "Unpin from taskbar".

- 1. Select Start, Settings, Apps, and locate MCEGold.
- 2. Highlight the MCEGold Version X.X.X.
- 3. Click Uninstall and follow on screen prompts.
- 4. Click **Finish** when the "Uninstall Complete" message is received.
- Locate the PdMA MCEMAX Tester (Driver Removal) file. Highlight it and click Uninstall/ Change located above the list and follow the on screen prompts.
- 6. Click **Finish** when the "Uninstall Complete" message is received.
- 7. Locate the C:\PdMA Corporation folder and delete it. The subfolders will be deleted also. After the installation of MCEGold 3.1.2 SP1 the new folder location will be C:\PdMA Corporation\....
- 8. Reboot your computer.
- 9. Go to step one in the Disable Driver Signature Enforcement section.

Disable Driver Signature Enforcement

NOTE: To install MCEGold 3.1.2 SP1 on a Windows 10 operating system, the operating system must be in the "Disable driver signature enforcement" mode.

Use the following steps to enter the Disable driver signature enforcement installation mode.

1. From the main Windows 10 screen, click the **Start** button in the lower left corner of the computer screen.

2. Click Settings.

3. From the Windows Settings window, select Update and Security.

4. From the Windows Update window, select **Recovery**.

K- Settings	- 0 >
Home	Windows Update
Find a setting	P Update status
Update & security	No updates are available. We'll continue to check daily for newer updates.
C Windows Update	Check for updates
Windows Defender	Update history
→ Backup	
@ Troubleshoot	Update settings
③ Recovery	We'll automatically download and install updates, except on metered connections (where charges may apply). In that case, we'll automatically download only those updates required to keep Windows running smoothly.
Activation	Change active hours
占 Find My Device	Restart options
For developers	Advanced options
Pa Windows Insider Program	Looking for info on the latest updates?

5. From the Recovery window, in the Advanced startup section, click **Restart now**.

Home	Recovery
Find a setting	P Reset this PC
Jpdate & security	If your PC isn't running well, resetting it might help. This lets you choose to keep your personal files or remove them, and then reinstalls Windows.

9) Disable automatic restart after failure	
Press F10 for more options	
Press Enter to return to your operating system	

11. The computer displays the start up screen.

MCEGOLD 3.1.2 SP1 INSTALLATION

NOTE: During the installation process, if you see either of the following windows or messages: MCEGold – **Some components could not be installed**, or MCEGold – **Cancel Installation?**, then Windows 10 has not been configured to allow unsigned driver installation. See the section *Prepare Windows 10 for MCEGold 3.1.2 SP1 Installation*.

USB Xpress(M-Series) ☑ MCEGold Word Add-in	Some components could not be installed Please click on the "Resume Components" button to Install them.
	Resume Installation

- 1. Insert the MCEGold 3.1.2 SP1 USB flash drive into the USB port. If the installation does not begin automatically, run setup.exe from the USB flash drive. (Select Run, setup.exe from the AutoPlay window).
- 2. The License Agreement window opens. Read the PdMA license and select the "I Accept" option button. The **Next** button becomes visible. Click **Next**.

Note: If you do not accept the terms, the **Next** button is not visible, you can only click **Cancel**, which closes the software without installing it.

- 3. In the License Key window enter your Company Name and License Key <u>exactly</u> as provided by PdMA. You may copy and paste the license key using the paste button.
- 4. When the license has been verified a green check appears. The **Next** button appears. Click **Next**.
- 5. In the Installation Path window, accept the default shown in the text box (recommended) for the location to install the MCEGold program folder or use the browse (...) button to select an alternate location, make a note of it for your future use, and

click **Next**. Note: It is not suggested to use an alternate location because that can cause conflict and Windows rights problems.

- 6. When prompted, click **Install Components**. Some components may require additional prompts.
- 7. When the installation of components is complete the **Next** button appears. Click **Next**.
- 8. A progress bar shows the progress of copying files to your computer.
- 9. When the installation is complete you must reboot your system. Select the Reboot Now option and click **Close**.

MCEGold Version 3.0.3.156 Installation - File Transfer		
The MCEGold installation is complete. Some of the components require the system to be rebooted. Do you wish to reboot now?		
Reboot Now	C Reboot Later	
		Close

10. After rebooting, locate and copy the backup Emaxprb.xml file and the Template folder back into their appropriate locations in

C:\PdMA Corporation\MCEGold\Emax C:\PdMA Corporation\MCEGold\Report

- 11. Answer Yes to "Merge the folder?" inquiry.
- 12. Remove the MCEGold 3.1.2 SP1 USB flash drive from the computer.

DATABASE SETUP

Note: This procedure is for connecting to an existing database that is to be upgraded to MCEGold 3.1.2 SP1.

To connect to an existing database, please follow the instructions below.

1. Ensure you have properly backed up the database you are converting.

2. Open the Utility program and click the **Database** button.

License Key		Information		
License Key	Update MCEGold License Information	Information	Installation Informati	ion
Database				
Database	Tasks related to the MCEGold Database.			

3. Click Attach DB as shown in the screen below.

Database Database Options Create new database	Next
Local dalabase	
Local database Attach the local database Database path :	Attach D8

4. Navigate to the database location on your computer and select the desired database.

If you receive the following message: "The database you selected was created with an older SQL version", the database needs to be upgraded to SQL 2008. **Stop!** Click **No.** Do **NOT** proceed! Contact Technical Support.

5. If the database attached properly you will see the following window. Click **OK**.

6. The MCEGold Utility Database Window opens. Click Exit.

MCEGold Utility : Marathon Pipeline LLC		
Database Database Options Create new database	Next	
Local database : Version (1004.004.002) Detach the local database Database path :	Detach D8 Backup D8	
c \moegold databases\v3.0.3.156-sp1-se1v2.3.1 - for conversion Diagnostic tools / Local database editor	Diagnostics Local Editor	
	Main Back	Exit

START MCEGOLD

- 1. Start MCEGold.
- 2. Select a database using the Search button (...) located on the right side of the Site textbox. This opens your computer navigator window which allows you to search for a database. If none are available, click **Cancel** to exit out of MCEGold, and contact PdMA Technical Support at 813-621-6463 ext. 251.

If you receive the following message: "The database you selected was created with an older SQL version", the database needs to be upgraded to SQL 2008. **Stop!** Click **No**. Do **NOT** proceed! Contact Technical Support.

If you receive the following "local database is not supported by this update" message, the attached database is too old for conversion and needs to be updated to MCEGold 3.0.3 SP2 or later prior to updating to MCEGold 3.1.2 SP1. Contact your system administrator.

Incompatib	ble Database Version	3
0	The local Database is not supported by this update. Please contact your system administrator.	
	ОК	

If you receive the following "Incompatible Database Version" message when trying to start MCEGold, you are attempting to run MCEGold with a database that is older than MCEGold 3.1.2. You will be prompted to update the database. If you have properly backed up your existing database, click **Yes** to run the update. If you have not backed up your existing database, click **No**, backup the database, and then perform the Database Setup procedure.

NOTE: Please make sure you allow sufficient time to update your database. Depending on the size of your database, updates may take an hour or longer.

- 3. When the update completes, click **OK** on the message window. The message window closes, leaving the MCEGold Login window open.
- 4. Verify login parameters on the right side of the window are correct and click **OK**.
