

A Leader in Electric Motor Testing

Tip Of The Week

March 2, 2015

For the month of March PdMA has decided to go retro and re-visit some of the most popular tips from the past years. Our many thanks to you, our customers and followers, who have provided us with the endless ideas and topics for writing these tips. Keep the ideas coming.

June 8, 2009

Justify, Justify, Justify

- Just received technology to bolster an existing predictive maintenance program - Check
- Completed training to ensure data is accurately collected and analyzed - Check
- Developed case studies and showed cost justification of using technology - Priceless

We know that it is hard to “Toot Our Own Horn.” However, one often overlooked component of a long term successful reliability program is justification. So, when you make that key save that prevented a loss of production or catastrophic failure of an important costly asset you need to ensure that the final step is complete by quantifying the savings.

You are invited to submit an Electric Motor Testing Tip of your own and receive a free PdMA® mug or hat if we publish it! Contact Lou at 813-621-6463 ext. 126 or lou@pdma.com.
