

A Leader in Electric Motor Testing

Tip Of The Week

September 18, 2017

Been Awhile? Get Help

Have you ever found yourself getting ready to test a motor and it's been a while since you last used the test equipment? If in doubt refer to the Help feature of the MCEGold® program for instructions on how to operate the MCE® and EMAX test equipment, basic analysis of data, and a detailed description of the latest software features. The entire Product Support Manual in individual PDF chapters is available under the Help tool. PdMA does not distribute the Adobe® software license so make sure you have downloaded the free viewer license from Adobe to look at PDF documents. Additionally, the Product Support Manual and history of TechNotes are available on the PdMA website at <http://www.pdma.com/PdMA-manuals.php>

If the Product Support Manual does not answer all of your questions, the next step is to contact PdMA Corporation Technical Support at 813-621-6463 or techsupport@pdma.com.

You are invited to submit an Electric Motor Testing Tip of your own and receive a free PdMA® mug or hat if we publish it! Contact Lou at 813-621-6463 ext. 166 or lou@pdma.com.
