

Tip Of The Week

April 26, 2010

Safe and Easy...An Unusual Pair

Wearing the appropriate electrical safety equipment is a necessity that doesn't always epitomize "Easy". Donning safety goggles, face masks, and rubber gloves can make performing tasks and motor testing difficult. Or, for an easy alternative view our video on safety at <http://www.pdma.com/webinars/PPE/PPE.html>.

Also, don't forget to always second check your connections, software selections, and probe settings to ensure accuracy and efficiency.

You are invited to submit an Electric Motor Testing Tip of your own and receive a free PdMA mug or hat if we publish it! Contact Lou at 813-621-6463 ext. 126 or lou@pdma.com.
